PARTIES AND COMPANY

COMPANY	**[FULL REGISTERED LEGAL NAME, INCLUDING LIMITED]**, a Ghana private company limited by shares; ORC No. **[INSERT]**; TIN **[INSERT]**; registered office **[INSERT]**; incorporation date **[INSERT]** (the **Company**).
FOUNDER	**[FULL LEGAL NAME, ID / REGISTRATION NO., ADDRESS, NATIONALITY]** (the **Founder**).
INVESTOR	**[FULL LEGAL / ENTITY NAME, ID / REGISTRATION NO., ADDRESS, NATIONALITY]** (the **Investor**).

BUSINESS OPPORTUNITY

Danpa HQ is a Ghana-focused rental operating platform for tenants, landlords, agents, and property teams. Its implemented web, mobile, and back-end workflows cover verified-provider and property evidence, gated listing publication, privacy-conscious discovery, viewings, applications, leases, occupancy, rent schedules, receipts, portable rental records, team permissions, and auditable operations. Portfolio subscription and payment infrastructure support a recurring software-revenue model, although live payment processing and some production integrations remain launch-gated. This investment is intended to convert that technical foundation into a secure production launch, customer acquisition, and scalable operations.

INVESTMENT TERMS

CORE CONDITIONS

1. **SUBSCRIPTION AND USE.** At Closing, the Investor will subscribe for the securities above, and the Company will apply proceeds substantially to the stated uses, subject to prudent budget reallocation approved under the final governance documents.
2. **RIGHTS AND RISK.** The shares carry only their class rights under Ghanaian law, the constitution, and final agreements. The investment is speculative and the Investor may lose the entire amount. Shares are not debt: there is no guaranteed profit, dividend, valuation, return, or automatic repayment. Dividends arise only if lawfully declared. Future issuances may dilute the Investor, subject to applicable or agreed pre-emption rights.
3. **CLOSING CONDITIONS.** No Closing occurs unless the Company is incorporated; its cap table and issue authority are verified; required board, specific shareholder ordinary resolution, pre-emption, constitutional, class, and regulatory steps are completed; final documents are signed; and cleared funds are received. If needed, the constitution or approved share structure must first be altered. Signature alone does not allot shares or make the Investor a member.
4. **COMPLETION RECORDS.** After lawful allotment, the Company shall make the required return of issue, update member and beneficial-ownership records, complete required ORC filings, and issue the certificate within the statutory period. The Investor shall supply lawful identity, ownership, source-of-funds, and tax information.
5. **PRIVATE TRANSACTION.** This document is addressed only to the named Investor. It must not be advertised, posted, or circulated as an invitation to the public. Ghanaian counsel must confirm the Companies Act and securities-law treatment before money is accepted.
6. **LAW; LIABILITY; FINAL DOCUMENTS.** Ghanaian law governs. Final agreements shall address transfer restrictions, information and participation rights, dispute resolution, confidentiality, and other negotiated protections. No Founder personal guarantee is created. This draft is subject to definitive documents approved by Ghanaian corporate/securities counsel.
